Re: Newspaper advertisement - Disclosure under SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

Dear Sirs,

Please find enclosed herewith copies of the newspaper advertisement published regarding the issue of duplicate share certificates in lieu of original share certificates that are reported to be lost and not traceable.

Kindly note that duplicate share certificates will be issued to the concerned shareholders in case no objection is received on the advertisement.

This is submitted for your information and records.

Thanking you,

For Hero MotoCorp Limited

● STRONG GROWTH US-based Metlife plans to raise stake in India venture

PRESS TRUST OF INDIA
New Delhi, October 4

US-BASED INSURANCE FIRM
MetLife on Monday said it proposes to raise its stake in its Indian venture by acquiring a 15.27% stake of IGE (India) Private Limited and Elpro International Limited in PNB MetLife India Insurance Company. With the acquisition, MetLife International Holdings, LLC (MIHL) in PNB MetLife will increase to 47.32%, MetLife said in a statement.

The share purchase agreement with IGE and Elpro International is subject to all necessary regulatory approvals, it added. "MetLife's joint venture in India has all of the hallmarks we look for in deploying capital to create long-term shareholder value: a track record of

consistent execution, an extensive distribution network, strong growth and an advantaged position in one of the world's most attractive life insurance markets," said Kishore Ponnayolu, regional president, MetLife Asia.

Founded in 2001, PNB MetLife's shareholders include MIHL (32% stake), Punjab National Bank (PNB), Elpro and other private investors. PNB joined as the promoter of PNB MetLife Insurance with a 30% stake in 2012.

Metlife to acquire a 15.27% stake of IGE (India) Private Limited and Elpro International Limited in PNB MetLife to take its total stake to 47.32%

The Dabriwala family, promoted by Rajendra Dabriwala and his son, Surbhit Dabriwala through their companies, IGE and Elpro, is one of the initial investors in PNB MetLife, with access to more than 200 million customers across 15,000 sales locations nationwide.

"The Dabriwala family has been a strong supporter of PNB MetLife and valued members of its board, and we thank them for their contribution to the company," he said.

Macrotech Developers sells properties worth ₹1,100 cr in London

PRESS TRUST OF INDIA
New Delhi, October 4

REALTY FIRM Macrotech Developers on Monday said properties worth ₹1,100 crore were sold last month in one of its projects in London and it expects to sell all inventories before the 2023-24 fiscal.

In a regulatory filing, Macrotech Developers, which markets its properties under Lodha brand in India, gave an update on the performance of its UK investments.

Mumbai-based Macrotech Developers, earlier named as Lodha Developers, had made a foray into the London market in 2013 with the acquisition of the landmark MacDonald House at 1 Grosvenor Square in prime Central London from the Canadian government for over ₹300 million (₹3,100 crore).

The group acquired another

site in prime Central London, New Court at 48 Carey Street for ₹90 million in 2014.

Macrotech informed on Monday that prospective buyers were able to visit the site at its project, 1 Grosvenor Square for the first time since it was readied, with easing of travel restrictions to the UK for visitors from the US and Europe from August.

"In the month of September, the project achieved pre sales of ₹110 million (around ₹1,100 crore)," the filing said.

The level of customer enquiries and visits has continued to rise and indicate the potential for continued strong sales performance in the current quarter. "The current performance exceeds our business plan and if the trend continues without any further unforeseen events, we expect to sell out the project ahead of our business plan of FY24," it added.

Molnupiravir: Merck to seek EUA from USFDA; trials on in India

FE BUREAU
Pune, October 4

PHARMA MAJOR MERCK has announced its plans to seek emergency use authorisation (EUA) from the USFDA for using Molnupiravir as an antiviral medicine for Covid-19.

The company also plans to submit marketing applications to regulatory agencies worldwide. If authorised, Molnupiravir could become the oral drug for treating Covid-19. The Molnupiravir drug is also undergoing trials in India.

The Indian companies are looking at the implications of the USFDA approval on the ongoing trials and timeline in India.

Merck, known as MSD India, has tied up with eight Indian companies to manufacture the drug in India. In April this year, the company had entered into voluntary licensing agreements with generic manufacturers in India to supply its investigational drug.
